

Keeping your children healthy is important. But without health insurance, it isn't always easy. Medical costs can quickly break your budget.

CHIP may be able to help.

CHIP provides health insurance for the children of families who qualify.

## What is CHIP?

CHIP is a state health insurance plan for children. Utah families who do not have other health insurance may qualify for CHIP.

## What does CHIP cover?

- Well-child exams
- Immunizations
- Doctor Visits
- Hospital and emergency care
- Prescriptions
- Hearing and eye exams
- Mental health services
- Dental care

Cassie, age 5

## How do I qualify?

Many children who qualify for CHIP come from working families. Depending on your income and family size, your child may qualify, too. For example, a family of four earning up to \$38,700 may qualify (see chart).

*In addition, children must be:*

- Under age 19
- U.S. citizens or legal residents
- Not covered by other health insurance

INCOME GUIDELINES		
FAMILY SIZE		MAXIMUM INCOME PER YEAR
2	(Single parent and one child)	\$25,660
3		\$32,180
4		\$38,700
5		\$45,220
6		\$51,740

2005 Guidelines (Income guidelines change every year.)

## How much will CHIP cost?

You may be required to pay up to \$25 every three months to stay on CHIP. You will also pay small co-pays for services like office visits.

Travis, age 3

## How do I apply?

Enroll now for CHIP! Get an application by calling 1-877-KIDS-NOW (1-877-543-7669), going to your eligibility office, or by visiting our website at [www.health.utah.gov/chip](http://www.health.utah.gov/chip). Mail us your application or apply online today.

## What happens next?

You may choose the CHIP health plan that is best for your children. Your current doctor may be a CHIP provider.
